ABOUT US

Welcome to Rupahi Institute of Paramedical Technology

Where passion meets purpose, and careers in healthcare begin.

At our institute, we focus on “building confidence”, “sharpening skills”, and “preparing you to save lives”. In today’s rapidly changing medical landscape, we believe that true education goes beyond the confines of a classroom. Our institute was established with a clear mission to bridge the gap between potential and opportunity for aspiring paramedical professionals.

With a team of highly qualified faculty, state-of-the-art laboratory facilities, and a curriculum that meets industry standards, we provide more than just education—we offer transformation. Every course, each class, and all practical sessions are meticulously designed to equip you with the knowledge, hands-on experience, and ethical foundation necessary to excel in today’s competitive healthcare environment.

What distinguishes us is our steadfast dedication to student success and personal guidance. We don’t merely teach; we mentor, inspire, and accompany you every step of your journey.

Become part of a thriving community of healthcare heroes who began their journey at Rupahi Institute.

Your career in healthcare begins here, and it begins with strength.

MR. ASLAM CHOWDHURY
Managing Director

As Director, it is my privilege to lead an institution committed to excellence in education and professional growth. Our college stands as a foundation where knowledge, discipline, and innovation come together to shape future healthcare professionals.

We believe that true education extends beyond textbooks. Our focus is on developing practical skills, critical thinking, and a deep sense of responsibility—ensuring students are well-prepared for real-world challenges.

Our institution is driven by values of integrity, compassion, and dedication. We strive to create an environment where students are encouraged to explore their potential and grow into confident, skilled, and ethical individuals.

In a rapidly evolving healthcare landscape, we continuously adapt and innovate our teaching methods. Our goal is to equip students with modern knowledge and hands-on experience that aligns with industry demands.

MR. SAHIL HASAN CHOUDHURY
Principal (I/C)

Dear Students,

Welcome to Rupahi Institute of Paramedical Technology - a place where dreams take shape, and futures are built with care, confidence, and purpose.

It is with immense pride and heartfelt gratitude that I invite you to be a part of our growing family. At our institute, we don't just offer education - we offer direction, support, and a lifelong foundation for your journey in healthcare. Whether you aspire to become a skilled laboratory technologist or a compassionate nurse, you will find the guidance, training, and motivation you need to succeed.

In today's competitive world, choosing the right institute is not just about a course - it's about choosing a community that believes in you, invests in your growth, and stands with you in every step of your journey. That's exactly what we offer here - a nurturing environment where your potential is seen, your questions are heard, and your success is celebrated.

We are proud to provide modern infrastructure, experienced mentors, and practical learning experiences that go beyond textbooks. But above all, what sets us apart is our commitment to values, discipline, and personal attention—because we believe every student is unique and deserves a path that fits their goals.

We look forward to watching you grow into confident professionals who will one day make a difference in someone's life. And that journey can begin today—right here, with us.

AKANKHYA KASHYAP
Vice Principal

Dear Students,

A warm welcome to Rupahi Institute of Paramedical Technology, where your journey toward a meaningful healthcare career begins.

We are proud to offer more than just education. Here, you will find guidance, practical training, and a supportive environment that helps you grow with confidence and purpose. Whether you aim to work in laboratories or patient care, we are committed to helping you succeed.

With experienced faculty, modern facilities, and hands on learning, we ensure you gain the skills needed for the real world. Most importantly, we value every student and strive to support your individual goals.

We look forward to seeing you grow into a skilled professional and make a difference in society.

Your future starts here.

Our classrooms are spacious, well-ventilated, and designed to create a comfortable learning environment. Equipped with modern teaching aids, they support interactive and effective teaching methods, helping students stay focused and engaged throughout their academic journey.

CLASSROOM

LABORATORY

The institute library is well-stocked with a wide range of textbooks, reference materials, and academic resources to support student learning. It provides a quiet, comfortable environment that encourages reading, research, and self-study, helping students enhance their knowledge beyond the classroom.

The campus provides a safe, clean, and student-friendly environment that supports both learning and personal growth. With well-maintained surroundings and essential facilities, it creates a positive atmosphere where students can focus on their studies while enjoying a comfortable and disciplined campus life.

CAMPUS

02

INFRASTRUCTURE

The institute offers modern infrastructure with well-equipped classrooms, advanced laboratories, and essential learning facilities.

The institute integrates modern technology into teaching, ensuring smart and effective learning experiences. Advanced equipment.

The institute provides a wide range of academic resources, including updated study materials.

DETAILS OF COURSES

DEGREE COURSES
(UNDERGRADUATE)

DIPLOMA COURSES

01

DMLT (DIPLOMA IN MEDICAL LABORATORY TECHNICIAN)

course name

DMLT

Duration

2 YEARS
WITH
6 MONTH INTERNSHIP

Eligibility

H.S. PASSED WITH 45%

02

DRIT(DIPLOMA IN RADIOLOGY AND IMAGINE TECHNOLOGY)

course name

DRIT

Duration

2 YEARS
WITH
6 MONTH INTERNSHIP

Eligibility

H.S. PASSED WITH 45%

03

DPT(DIPLOMA IN PHYSTIOTHERAPY)

course name

DPT

Duration

2 YEARS
WITH
6 MONTH INTERNSHIP

Eligibility

H.S. PASSED WITH 45%

04

B.VOC.MLT(BACHELOR OF VOCATION MEDICAL LABORATORY TECHNOLOGY)

course name

B.VOC.MLT

Duration

3 YEARS
WITH
6 MONTH INTERNSHIP

Eligibility

H.S. PASSED WITH 45%

DISCIPLINE AND ATTENDANCE

- Uniforms must be clean, well-ironed, and worn with pride and responsibility.
- Personal hygiene and grooming are expected to be maintained at all times.
- Wearing the full uniform is mandatory during class hours, practical sessions, and full internal exams, and when representing the institute outside.
- Late arrivals, improper dress, or repeated violations of the dress code will result in disciplinary action.
- Students are expected to behave respectfully with faculty, peers, and staff, and uphold the values of the healthcare profession inside and outside the campus.
- Every student must maintain a minimum of 75% attendance in each subject (theory and practical separately) to be eligible for the final

IMPORTANT GUIDELINES

- If a student fails to meet the overall 75% attendance requirement, subject-wise attendance will be reviewed.
- In such cases, students will be allowed to appear only in those subjects where they have a minimum of 75% attendance.
- Students with attendance below 75% in any subject (theory or practical) will be debarred from the final for that subject. appearing in the final examination for that subject.
- No exceptions will be made unless supported by valid medical or official documentation and approved by the Principal

SPECIAL THANKS

DR. INAMUL HOQUE
MD, Pathology

Dear Students,

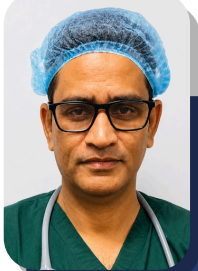

It gives me immense pleasure to welcome each one of you on behalf of Hayat Path Lab. As the Proprietor and a fellow medical professional, I, Dr. Inamul Hoque (MD, Pathology), extend my heartfelt wishes to all of you who have chosen this noble path of healthcare and diagnostics.

At Hayat Path Lab, we believe in nurturing the next generation of skilled and compassionate healthcare professionals. You are stepping into a field where precision, dedication, and integrity are not just values—they are lifelines. The knowledge you gain today will one day help save lives and bring hope to many.

I encourage each of you to stay curious, ask questions, and never stop learning. Let your journey be driven by passion and guided by empathy. We are proud to be associated with your learning journey and hope to inspire you to achieve excellence in the field of medical laboratory technology.

Wishing you all great success and a future filled with purpose and achievement.

Dr. Inamul Hoque
MD, Pathology
Prop. Hayat Path Lab & Research Centre

DR. REAZ UDDIN AHMED
Managing Director

Rupahi Institute of Paramedical Technology is dedicated to shaping the future of healthcare through specialized vocational training programs. This institute is committed to providing high-quality education that equips students with the skills and knowledge necessary to excel in various medical and healthcare fields.

This institute offers courses that cover a wide range of paramedical disciplines, ensuring a well-rounded education that meets the demands of the evolving healthcare sector.

Modern labs and classrooms are equipped with the latest technology and resources, providing a practical learning environment that bridges theory with real-world application.

It collaborates with leading healthcare institutions like Raahat Hospital and Research Centre, offering students valuable exposure to the industry through internships and placements, enhancing employability upon graduation.

At Rupahi Institute, they foster a culture of support and mentorship, ensuring every student receives personalized attention and guidance throughout their educational journey.

I wish for the grand success of this Institution.

Dr. Reaz Uddin Ahmed
Managing Director
Raahat Hospital And Research Centre

DR. B. N. PATTANAİK
Ex Principal, Rupahi College

At the outset, let me congratulate the entire family of Rupahi Institute of Paramedical Technology for successfully completing the first year of its inception. The toddler's first step may be very tiny, but it is always significant and sets an important milestone. The founding of an educational institution in Rupahi offering highly specialised professional courses in the health sector has immense potential to ensure lucrative engagement for its aspirants, and so it is in itself a praiseworthy enterprise. But when the same is conceived by someone who is so close to my heart, the joy and delight become manifold. May God bless Aslam and his able team to accomplish even more and achieve greater heights in the days to come. I wish the Institute all the very best.

Education is the simplest and single most powerful tool to bring about a change for the better in any society in general, and in Rupahi in particular, as it's inhabited mostly by poor tribal and minority populations. All educational institutions, be they government or private, must play in tandem to witness a transformation in the educational sector. Fortunately for me, I have known Aslam from very close quarters, first as a student of Rupahi College, then as an able faculty member in the UCC-sponsored Vocational Course in Medical Laboratory Technician. He is sincere, industrious, and bears a pleasing personality. His energy and dedication impress anyone who comes in contact with him, including myself. I'm sure this new venture under his helm will live up to the task of meeting the expectations of the aspirants as well as in serving society by harnessing the potential in the paramedical field to address a yawning gap between demand and supply. I sincerely wish the entire endeavour to become joyful, meaningful, and purposeful.

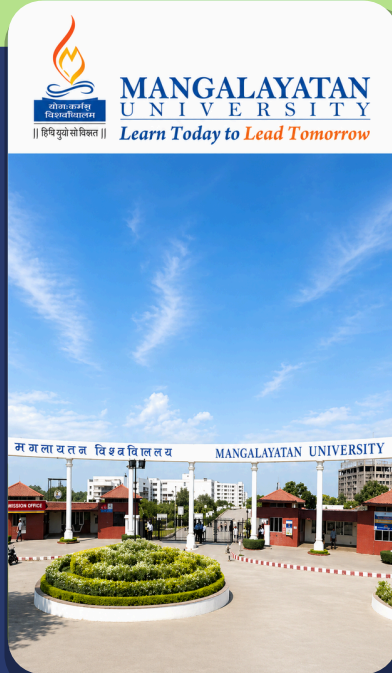

Dr. B. N. Pattanaik
Ex Principal, Rupahi collage

06

COLLEGE EVENTS

The institute regularly organizes a wide range of events such as health camps, awareness programs, workshops, seminars, and cultural activities to support the overall development of students. These events provide valuable practical exposure, allowing students to apply their knowledge in real-life situations while improving their communication, teamwork, and leadership skills. Participation in such activities helps build confidence, encourages social responsibility, and creates a dynamic learning environment beyond the classroom.

Through these initiatives, the institute ensures that students grow not only academically but also personally and professionally.

CULTURAL WEEK & SPORTS

Cultural and sports activities promote creativity, teamwork, and overall personality development. They encourage students to stay active, confident, and engaged beyond academics.

HEALTH CAMP BY RIPT

Health camps conducted in collaboration with **RIPT** provide hands-on clinical exposure. They help students develop practical skills while serving the community.

ENTREPRENEURSHIP AWARENESS

This program, conducted by the **Ministry of Micro, Small & Medium Enterprises (Govt. of India)**, creates awareness about entrepreneurship and self-employment opportunities. It motivates students to develop innovative ideas and build future careers.

HEALTH CAMP BY ADVANCE EYE CARE

Eye care camps conducted by **Advance Eye Care** provide practical experience in vision screening and basic eye treatment. They enhance clinical knowledge while promoting community healthcare awareness.

OUR TRAINING PARTNERS

RAHAT HOSPITAL

KAPILI HOSPITAL

NIDAN HOSPITAL

ADITYA HOSPITAL

METRO HOSPITAL

HEALTH PLANET HOSPITAL

HAYAT PATH LAB & RESEARCH CENTER

E LAAZ HEALTH CARE & DIAGNOSTIC CENTER

DEW CARE HOSPITAL & RESEARCH CENTER

The Rupahi Institute of Paramedical Technology collaborates with reputed healthcare institutions such as Rahat Hospital, Nidan Hospital, and Metro Hospital to provide quality practical training. These partnerships ensure that students gain real-world clinical exposure and hands-on experience in professional medical environments. This exposure helps students understand hospital workflows and clinical procedures effectively. It also bridges the gap between classroom learning and practical application.

Through these training partners, students are given opportunities to participate in internships, clinical practices, and hospital-based learning. This helps them develop technical skills, understand patient care, and build the confidence required for their future careers in the healthcare sector. Students learn to work in real-time situations under professional supervision. This experience prepares them to handle responsibilities with confidence and accuracy.

In addition, the institute actively conducts and participates in various programs, health camps, and awareness activities in collaboration with these organisations. These initiatives enhance students' practical knowledge, social responsibility, and overall professional development, preparing them to meet the demands of the healthcare industry. Such activities also encourage teamwork and leadership skills among students. They help in shaping well-rounded professionals ready to serve society.

The Rupahi Institute of Paramedical Technology collaborates with reputed hospitals and healthcare centres as training partners to provide students with real-world clinical exposure. These partnerships enable hands-on training, internships, and practical learning experiences, helping students develop professional skills and gain confidence in real healthcare environments.
